Business Rankings Annual Gale Group 1998-11 The staff of the Business Library of the Brooklyn Public Library answers more than 175,000 reference questions each year, many of them requests for rankings information. To provide quick answers to questions in the highest interest subject areas, we have compiled Business Rankings Annual. Working from a bibliographic file we have built up over the years, we have culled thousands of items from periodicals, newspapers, financial services, directories, statistical annuals and other printed material. The "top ten" from each of these rankings appears in this volume, grouped under standard subject headings for easy browsing. Typical entries provide: sequential entry number; rankings title: A descriptive phrase, identifying the contents of the list cited; ranked by: Indicates the criteria that establish the hierarchy; remarks: Provides additional details relating to the list from the source material; number listed: Notes the number of listees in the ranking source; top 10 items on the list; and source. Readers can quickly locate all rankings in which a given company, person or product appears by consulting the reference's comprehensive index. In addition, a complete listing of more than 300 sources used to compile Business Rankings Annual is provided in the bibliography.

Mercedes-Benz Brian Long 2013-03-18 It's hard to believe, but the W129-series Mercedes-Benz SL was launched over 20 years ago. However, its timeless styling has kept it fresh and attractive in the eyes of a new generation of enthusiasts, as well as those returning to the car having owned one when they were still in the dealerships. A combination of superb original design and peerless engineering and build quality adds to the desirability of this series of classic German machines, and has ensured that many of these cars can still be seen in regular use today. Covering the SL's ever-changing specification, and its presence in many of the world's major markets is a huge task, but it's all presented here in definitive detail, along with stunning contemporary photography, in a volume that will readily grace any reference library shelf or connoisseur's coffee table. Two earlier books, also published by Veloce, and covering the W113 cars and the 107-series SL and SLC, act as perfect companions to this title, which takes the SL story up to 1989.
